**MCLEODUSA TELECOMMUNICATIONS SERVICES INC.
CERTIFICATION OF COMPLIANCE
WITH CPNI RULES**

I, James E. Thompson, hereby certify that I am an officer of McLeodUSA Telecommunications Services, Inc. (McLeodUSA) with the title of Group Vice President, General Counsel and Secretary, and that I am authorized to execute this certification as an agent for McLeodUSA. Based upon my personal knowledge, I certify that McLeodUSA has established operating procedures that in my opinion are adequate to ensure compliance with the rules of the Federal Communications Commission set forth in 47 CFR §§ 62.2001 through 64.2009.

A statement explaining how McLeodUSA ensures compliance with the CPNI rules is attached hereto.

A handwritten signature in black ink, appearing to read "James E. Thompson", with a long horizontal flourish extending to the right.

SUMMARY STATEMENT OF CPNI COMPLIANCE PROCEDURES

McLeodUSA Telecommunications Services, Inc. ("McLeodUSA") maintains CPNI in the following databases and record systems: Voice Network platform, Data Network platform, Billing systems, financial reporting systems, product reporting systems, customer care systems, and order entry systems. Each of these systems is protected by confidential password against unauthorized access by third parties and internal employees without a need to access these systems.

McLeodUSA has established directions and procedures designed to ensure that personnel who are authorized to access CPNI do not use this confidential information except in accordance with CPNI rules. Any employee who violates company policy, including for use of CPNI, is subject to discipline, up to and including termination of employment.

McLeodUSA requires prior supervisory review by legal and marketing personnel of all outbound marketing activities to ensure compliance with the FCC's rules governing CPNI. McLeodUSA has provided all relevant employees with information concerning CPNI, including definition of CPNI, and permitted marketing activities using CPNI. Where prior approval for use of CPNI is required under FCC rules, McLeodUSA requires employees to ascertain the approval status of customers prior to using CPNI in any marketing activities. Relevant McLeodUSA employees are instructed not to use CPNI in any marketing activities when prior customer approval is required, until approval is obtained either via opt-out or opt-in procedures, as applicable.

McLeodUSA account representatives may access a customer's CPNI during the course of an inbound or outbound telephone conversation, solely for the duration of that conversation, upon oral authorization by the customer. Each account representative is required to inform the customer of their right to deny access to the CPNI before requesting this one-time consent.

McLeodUSA permits use of CPNI consistent with Commission rules where no prior approval from the customer is required.

McLeodUSA employees are instructed to maintain for one year a record of all sales and marketing campaigns that use CPNI.
